

\$XMAS COIN

on Kaspas KRC20

What is \$XMAS

\$XMAS Coin is a very rare charity memecoin with good potential to grow in value because of its scarcity

\$XMAS is the perfect Christmas gift - good to bring new people into crypto in a good way.

\$Xmas is the coin of the greatest event of humankind, described in the Christmas story like you never heard in such a profound way, with plenty of historical and astronomical facts

The mystery of the Star of Bethlehem finally solved (most probable evidence).

The Logo of \$XMAS contains the location of the Star of Bethlehem on the sky.

What makes \$XMAS special?

- 1.) **Tickers on Kaspas KRC20 are unique** - no multiple fake imitations. \$XMAS **the** true and real Christmas coin of Kaspas
- 2.) It is probably the first rare collectible Christmas Charity Memecoin in the whole cryptospace with a dump protection: a part of the sales funds are going into the \$XMAS coin community treasury for long term value, backed with \$Kas and for liquidity for LP's on real Dexes.
- 3.) It is a **ideal Christmas Gift** for people who want to use already NOW a better currency for the post fiat era.
- 4.) **\$XMAS is committed to the principle of decentralization** and of #Kaspas. \$XMAS coin will not prostitute with CEX's listing, paying those centralized vultures for getting free tokens and listed, while everyone else has to buy them.
- 5.) **\$XMAS is a real grass root coin** - it's success is in the hand of all those widespread retailers, who like the idea of a \$XMAS coin gift and collectible.
- 6.) \$XMAS coin sales funds are used **for charity** and for **the coin-community treasury** wallet to support \$Xmas price and liquidity.
- 7.) The \$XMAS Christmas Coin is in honor of the most important historical event of humankind, the birth of the Messiah, the becoming flesh of the Son of God, Jesus.
- 8.) The Logo of \$XMAS represents the "Star of Bethlehem". A profound background description is in the Symbolic section and in the last section of this whitepaper about the astronomic event of the star, the real birth date, the true meaning and historical events of the story of the birth of Jesus Christ and in contrast of this the occult Babylonian fake stories. This makes this coin a messenger of the light. "Mas" from Christmas comes from Latin mittere: to send.

Tokenomics

We already had a \$Christmas Coin back in 2021 on another chain.
Now we are happy we could deploy the unique ticker \$XMAS on Kaspa KRC-20.

Total supply: 24,000 \$XMAS tokens
Premint: 20,000
Tokens per mint: 0.01
Amount tokens for minting: 4,000
Mints possible: 400,000 (The miners get their Xmas gift too)

.....

Fair initial token distribution sales:
100% fair sales, no closed presale:
50kas = 1 \$XMAS (on OTC sales only)
70-200 Kas = 1 \$XMAS on Marketplaces
100 mints = 1 \$XMAS

If you mint instead of buying from initial sales,
you do not support the long term value of your investment,
you do not support the \$XMAS price and liquidity,
you do not support the \$XMAS project and
you do not support the charity from the funds from the sales.
Is that what you consider to be "fair"?
Minting is for the time when all tokens are sold out or if you want just a few decimals.

.....

Allocations:
4000 tokens for Liquidity Pools
0.83% (200 tokens) for creators
Rest for sales and minting.

The Symbolism of the \$XMAS Logo

- **The big star** represents the Star of Bethlehem, seen by the magicians in middle east (Iran/Iraq) on the evening of **August 30, in the year 2 BC**, short after the sun went down at 18:26.

Between 18:30 and 20:15 a supernova appeared in the ancient star sign of virgin, named ERUA, exactly above Jerusalem - seen in the east in Iran/Iraq.

This ancient star sign of Virgo is not the same as today's, but it's the ancient sign ERUA, which means in cuneiform script:

"The one, which will give birth to the seed, promised in garden Eden."

This primordial promise of the birth of the Messiah was given to Adam and Eve in Genesis 3:15 when they had to leave Eden. More details in the last section of this paper.

The ancient people wrote all important stories into the sky. **This was not astrology**, but the kind of help to remember important events and history, and it could not be erased, it was written into the stars. **This was the Blockchain of ancient times**. If there was an "NFT" drawn into the stars with the background story, nobody could change the sign. Only later the zodiac was forked and the original Babylonian signs were replaced. Thanks to the cuneiform and Astronomy expert and scientist Dr. Werner Papke the original star signs were discovered.* Of course most of those stories became myths, and were filled with fake news, it was added to it or twisted or changed the original meaning. Still in the case of ERUA it can exactly be compared with the ancient Hebrew scrolls of Genesis and it is a great match. And it explains why many independent cultures have an virgin/baby cults - which are the reminders and leftovers of the original promise given by God the Creator to the first generation, that is, to ALL humankind. But later they perverted the original record into a queen of heaven cult, which has nothing to do with the promise. It's about the seed, the women (virgin) is just the important vessel.

Because of this primordial promise indelibly written into the stars, and it's fulfillment, the true meaning of Christmas is for every human important. It was set as a sign in the stars. **

- **The three smaller stars** represent today's star sign of Coma Berenices.

Coma Berenices is in the Lap of ancient star sign of Virgo (ERUA).

The Logo star is a 7-pointed star. The number 7 is an important number for the administration and execution of the divine order and intent.

The Logo represents: A new star appears in the lap of Virgin, which means: The Messiah and King, which was promised by God Creator in the primal Gospel to humankind was finally born, the one who crushed the head of the serpent.

The magicians were disciples of Zarathustra (Zoroaster). Zarathustra himself was a contemporary of prophet Daniel. Both lived at least for a certain period at the same time in Babylon. Daniel made the famous prediction of the coming of the Messiah in Daniel 9:24 - which points exactly to the year of 32 AD, when Jesus entered as King on the back of a young donkey Jerusalem on Palm Sunday, 10th of April, 32 AD.*** Zarathustra surely knew Daniel and this prophetic word was handed down among his disciples over 500 years. When finally the supernova appeared in the sign of Virgo just above Jerusalem, the magicians immediately knew, what happened. About 3 month later on 29th of November they appeared in Jerusalem and asked: Where is the new born King? The religious people in Jerusalem did not discern the day of their visitation. Only a handful of people and those strangers did. Herodes wanted to kill this potential King.

Who may consider to buy \$XMAS?

Everybody who likes Christmas.

Are you looking for a nice Christmas present for your tech friends? Here it is!

Everybody who is looking for alternatives to the old, rigged and corrupt fiat money.

Everybody who wants to protect a part of his wealth against creeping inflation.

Everybody who likes the freedom of truly decentralized memecoins and solidcoins.

\$XMAS is not issued by central authorities. It's a digital assets, backed partially by deflationary Kasper (Kas) - the most advanced cryptocurrency, having solved the so called trilemma: It's decentralized, scalable (cheap instant transactions) and secure.

Everybody who likes to be early adopter of a new kind of money culture, where it makes fun to receive, pay and hodl currencies, to be ready for a world beyond the collapse of major fiat currencies.

Everybody who is suppressed by tyrannical regimes (as more and more are since 2020).

What to expect of the price development of \$XMAS?

The initial offering price is far below the mint cost price. The majority is brought into circulation from those initial sales. This will give room to the upside. But we cannot make any price prediction. It's the demand that mostly decides where the price will go. Help spreading this great message of Christmas and spread the \$XMAS coin. Thanks.

Risks:

Since \$Xmas is partially a charity memecoin, you are doing a good thing buying it - with the additional benefit, of getting a collectible rare coin for doing good, no matter how price is doing.

Price risks: Concerning the potential of \$XMAS

- \$XMAS is still a meme coin - that means a high risk investment, if you buy it as such.
- low demand could hinder the price of going up, and it could fall below purchase or mint price.
- Since 50% of funds from sales are used for charity, this cannot be used for liquidity or price support. It is still far better than the 100% mint coins with no funds at all.
- Inability of acting in time from the token creators could leave undistributed coins in "dead" wallets.
- General risks of the whole cryptomarket. This is minimized since \$Xmas runs on the most advanced blockchain (blockdag) technology Kasper.

Collateral:

\$XMAS is partially backed by Kas (for sales), which will be used for DEX Liquidity pools or price support buy back actions. We can add other coins like \$Gold as collateral.

Now: The True Christmas story: Historical facts and Babylonian mixtures.

In this last section of this whitepaper we will disrupt some of the superficial traditional understandings of Christmas going back to the roots.

On page 8 you read an interesting detail of the true Christmas story with the astronomic accuracy of the stars, giving us exact dates and even time - and you read about the real significance and meaning of the birth of Jesus Christ.

Occult Mystery Babylon decrypted!

What has Santa Claus to do with Christmas (the birthday of Jesus Christ)? NOTHING!

The original records of the birth of the Messiah in the gospel of Matthew and Luke do not give any date of birth - a hint is, that the shepherds were at midnight outside on the field, which makes it clear that it was **not in the winter**.

But Saint Nicholas from Myra (modern-day Demre, Turkey) is a historical figure. He was born about 270 and died on **6th of December 343**.

He became Overseer (Bishop) of the church of Myra and several extraordinary deeds and wonders were attributed to him. The fact that there was made a cult around him already 2-5 hundred years later, indicates, that some of the stories have a true kernel. Giving anonymously to a poor family, giving young women a chance for moral life, saving men from death sentence by resisting Cesar Constantine, spiritual bi-location, saving a ship in storm, resurrection of 3 children, multiplying food and other wonders were recorded. Nicholas from Myra was imprisoned during the heavy persecution under Cesar Diocletian (285-305). The fact, that Nicholas resisted later to claimed christian Cesar Constantine to save servants from false accusations, indicates a true kernel, since it was the narrative to show Constantine in a good light.

Picture: One of the earlier wall painting in Myra, showing Nicholas with short hair and without red Mithra cap. The red cap and clothes came up with baroque paintings showing him in contemporary red purple and scarlet robes of the current bishops and then in modern times it become the kitschy commercialized version.

Since the 19th century one began to mix the honoring or veneration of Saint Nicholas of December 6 with Christmas itself. Making Saint Nicholas to the man of Christmas (in German Weihnachtsmann) is kicking Jesus out the center and turning the honorable real Saint Nicholas into an anti-christian kitschy non-sense.

What is 25th of December really and how it became a Christmas day

In the year 274 AD Cesar Aurelian made the sun god "Sol invictus" to the god of the empire and December 25 was the Birth Day of this sun god, Apollo. This was the roman/greek variant of the Babylonian Tammuz. The 25th of December was fixed by Julius Cesar as winter solstice day. Tammuz is THE prototype of Antichrist.

Only about 50 years later the compromising church of Rome began to adapt this date as the birth date of Christ. This was an evident opportunistic decision which had nothing to do with the real historical birth date of Jesus. Later this date was adopted by other churches too and became widespread accepted (not by all) among Christians and in the whole world.

The orthodox Christian date of January 7 has to do with the difference of 13 days between Gregorian and Julian calendar, but means originally the same.

From Babylon via Pergamon to Cesar in Rome, finally to the pope.

The German word for Christmas is Weihnachten (night of consecration). From 17-24 December the Romans celebrated the so called Saturnalia in honor of Saturn, with the culmination on 25th December. It was also the Mithraic cult.

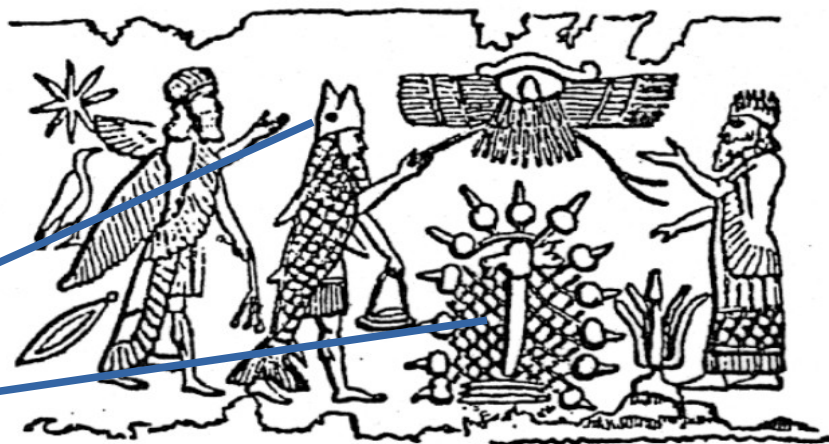

This feast goes back to the Sumerian/Babylonian origin. The Sumerians put their bad or good heroes like Enoch, Noah, Kush, later Nimrod and Tammuz into the stars and planets, sun and moon.

They had an excellent astronomic knowledge and new even about the precession number of 25920 years or about the galactic north pole. For this the number 18 is important in cults. Now you know already one of the big secrets of the Babylonian cults. It's hidden in such names like IHS an INRI.

They used their astronomic knowledge of cycles of planets, kept it in secret, and mixed it with their cult and astrology to have power & control over other people. They made their versions of the original records from Enoch and Noah, the flood and other events and stories and **built a class of inaugurated high priest** by whom alone one could receive forgiveness of sins, absolution. And they prepared the coming of their version of a savior, the first prototypes of Antichrist: Kush, son of Noah, later Tammuz, son of Nimrod with Ishtar as the queen of heaven.

Out of this came the sumerian version of "Weihnachten" (Christmas). The german word Weißen has it's roots in the name of (H)Enoch - the Hebrew Hanukkah also. In Sumerian this was EN.KI or EA-Henoch-Mithras, the Aquarius positioned back then exactly before the winter solstice as star sign.

The picture shows the Neo-Assyrian "Christmas" on a roll seal with the Pontifex Maximus with fish cap (Mithra) and a "Christmas" tree.

The all seeing eye, the sun god (lucifer, satan). The king represents assyrian version of the savior, from

Abb. 6 Diese Abrollung eines neuassyrischen Rollsiegels zeigt den Pontifex Maximus, den Stellvertreter des Gottes der Erde, EN.KI-Ea-Henoch-Mithras, mit der Fisch-Mitra am Weihnachtsbaum, der 13 Kugel-Früchte trägt. Darüber schwebt als allsehendes Auge der assyrische Sonnengott Sem. Die Mutter Assurs, des Sohnes Sems, wird als achtstrahliger Venusstern dargestellt. Der König vertritt den erwarteten Welterlöser von AsSyrien, den Sohn Sems, den Antichrist. Aus: Layard, Austen Henry: Babylon and Nineveh.

the line of Sem (son of Noah) instead of Kush. This is even more accurate than the Babylonian version, but it is still replacing the original record, and by this a type of Antichrist.

Let's take a look on the role of **Pontifex Maximus**, the "representative of God on earth" (with the Fish-Cap Mithra.).

King Xerxes I. (son of Darius) knocked down a revolt of the Babylonian Priests in the year 482 BC and destroyed the famous temple of Nimrod, those priests flew to minor Asia to Pergamon. Now the Pontifex Maximus was in Pergamon.

Julius Cesar become in 63 BC Pontifex Maximus, but the cult still existed in Pergamon.

Jesus Christ himself told John in Revelation 3, that the seat of satan was in Pergamon.

Since Julius Cesar all roman emperors had the title Pontifex Maximus. Although Cesar Constantine.

But in the year 376 AD Cesar Gratian refused to take this anti-christian occult title because of christian motivation.

Now happens the big fall:

2 years later, in 378 AD, the bishop of Rome Damasus was given the title Pontifex Maximus of Babylon and Pergamos. (His name says it all: Damas from Tammuz).

The throne of satan entered the church of Rome, the whore of Babylon from revelation 17 was forming. The formation of the catholic "church", a mixture of christian truths with Babylonian satanic cult and sun worship idolatry elements went on with the protection of the Cesar. The whore sitting on the beast and whoring with the kings. (Rev. 17) And they began to claim supremacy over other churches with their bishop making him the pope. This was clearly against Jesus' teaching.

This church of Vatican does not represent the true Christianity but the whore of Babylon.

Revelation 17 says clearly, that from the mixture of the wine of the whore of Babylon all the nations were drunken. That means, one could not clearly understand the genuine gospel and truth of the real savior, son of God, Jesus Christ, if one thinks that the pope was a legitimate head of the church or Christianity. He is not and never was. The pope sits on the seat of satan and is an type of false prophet and Antichrist. The New Testament, the original record of the gospel and true christian faith, does not have any title of pope, and Jesus explicitly forbids tho give to somebody the spiritual title of Father.

Revelation 17 very accurately describes the global Vatican cult, even the colors they use for their robes, purple, scarlet and the gold are mentioned.

Pope with Mithra fish head cap doing the Mithra cult.

Curved cross of Tammuz with a corps.

There is no corps. Jesus is resurrected. The fake savior Tammuz did not resurrect, so they had to put him into the moon, likewise Mithras.

So if you see a Santa Claus in scarlet red robe and Mithra Cap, you know: That is a kind of Antichrist. And every time you see the pope, remember, it's the head of satanic sun worship Babylon Mystery revealed.

Time to focus on a part of the true story and meaning:

Some details of the true Christmas Story - The magicians guided by the star:

We read in the original records of Matthew and Luke when the magicians came to Jerusalem, the religious political society was shocked with the message of the new born King. The scribes then found the prophecy that the Messiah had to be born in Bethlehem. Bethlehem was some hours walk south of Jerusalem. On 28th of November 2 BC, the magicians left at midnight Jerusalem direction Bethlehem and the star accompanied them the whole way at the left side. Arrived at Bethlehem, the star "stood still", that means it was exactly in the zenith. You can reconstruct this scene with the software "stellarium" on your computer. For this you must set the time to 1 BC (because the software has the year 0, but there is no year 0) and standpoint between Jerusalem and Bethlehem. Then you see how the star sign Coma Berenices comes from 0:30 up from left behind and is about at 6:50 in the morning in the zenith, short before the sun comes up. That's about the hour when the magicians found the house where Jesus lived and greatly rejoiced. A legend mentions, that they saw the star in a fountain, which shows, that it was in the zenith. This fountain was in front of the house on the way.

This is the message of the \$XMAS Coin:

Mystery Babylon is:

Replace the true gospel of the promised savior with whatever twisted fake version, fake Christ (Antichrist) or religion, make a cult of it and make people depended of an mediator or middleman. Built up a similar economic system with forced intermediary parasitic institutions (banks, taxes, governments, etc..) . Babylon enslaves, suppresses & makes dependent of other men and institutions.

The true gospel of Jesus Christ is:

God became man (flesh) in Jesus Christ, conceived in a virgin by the Holy Spirit, to restore man who was made in the image and likeness of God, but fell. Everybody who believes in Jesus Christ and his vicarious sacrifice for us, his death and resurrection, and asks for forgiveness and the gift of the Holy Spirit, is saved and receives the eternal life and the Holy Spirit, which enables him/her to become a genuine child (son) of God with the nature, life and authority of God.

You don't need any inter-mediator for this. Jesus is the direct way to God Father. Just open your mouth and heart and say: Lord Jesus Christ come into my heart and fill me with your Holy Spirit. Forgive me my sins, independence, and rebellion, give me true repentance. I surrender and I thank you for being reconnected to your Kingdom and direct fellowship and communion with God Father. Your will be done in my life. I count on the New Covenant with your blood and believe in all the blessings for your children, like freedom, destiny, health, healing, liberty, power, victory, protection, wisdom, dept relief, heavenly provision, prosperity, abundance, knowledge, holiness, holy Fire, peace, life, joy, gifts of the Spirit and I enjoy to have now a personal relationship with you the heavenly King and to be member of your family. I have now everyday Christmas, since You Lord Jesus Christ lives in me as the source of living water and restores the vision and image of your glorious plan for my life. Thank You.

That is the true goal of CHRISTMAS, of Jesus's birth. Reconnecting Humankind to God Father, without any other mediator, just by receiving the gift of the indwelling Holy Spirit, the governor of the Kingdom of Heaven on Earth. You are freed & restored to your original value and destination. Dependence on God makes free from suppression of Babylon an men.

The \$XMAS Coin together with the \$King \$Jesus, \$Yeshua, \$Christ memecoins run on the decentralized most advanced cryptocurrency Kaspas, which too does not need any middleman and is aimed to replace once the suppressive, enslaving, rigged fiat money debt system.
